

Uvonair CD-1000-2 inline Ozon Systeem

Are you sure your odor is being eliminated? Be sure with UVONAIR®! The ONLY choice for quality INDUSTRIAL STRENGTH ODOR ELIMINATORS! It doesn't just mask odors, IT DESTROYS IT! Uvonair® odor eliminators generate ozone, one of nature's most effective oxidizing agents!

The Uvonair® CD-1000-2, Two Cell In-Duct Ozone Models are high output Corona Discharge generators that produce more ozone than any others known at this time. It is adjustable to match the ozone demand load for odor control as well as provide energy conservation in low demand periods The CD generator does not require servicing.

- deal for rooms from 20,000 cu.ft (600 m3) up to 40,000 cu.ft. (1200 m3)
- Install into 10 inch (25 cm) ducts to treat the air as it is being exhausted
- Adjustable (HIGH/LOW/OFF) switch
- Can be installed into other size ducts using adapters* (however, larger ducts may compromise airflow).
- Uvonair® CD models are recommended in larger ducts and high odor situations.
- Works in areas with high HUMIDITY
- Works in a wide range of TEMPERATURES
- ENVIRONMENTALLY FRIENDLY creating no hazardous waste!
- Full one year warranty
- No maintenance required
- Adapters not included; use with ventilation system
